

Request for alteration of signage for consideration by LBPC

Signage requests and other road safety improvements are handled through Wiltshire Council Area Board Community Area Transport Group (CATG).

Any request from a resident has to be considered by the Parish Council. If the Parish Council agrees with the request then a CATG request form should be submitted to Steve Hind at Wiltshire Council.

Each Parish is allowed two priority requests for road safety improvements. Signage requests also have to be agreed by CATG.

There is an expectation that the parish/town would contribute a minimum of 25% towards any scheme.

The Parish Council is requested to consider this scheme and if in agreement to put forward as a CATG request.

Background

I have been asked by a resident of Preston if some signage could be relocated.

As you will be aware, one part of Preston is a dead end (in red) and there has been a number of vehicles who have missed the warning sign and ended up taking this route where there is no easy place to turn around, not to mention quite a deep ditch in some places.

Current signage	Request for relocation.
 <p data-bbox="549 1364 794 1803">There is a “no through road” on the right hand side of the road which is not easily visible to motorists and is sometimes overgrown with foliage making it even more difficult to spot.</p>	 <p data-bbox="1145 1364 1401 1803">That the No Through Road sign is moved to a more visible location. Eg opposite the road junction</p>
