

## Agenda Item 9bii –

I do hope that the council see the benefits of having some Christmas illuminations in the future. I am happy to talk you through the process and options so you can answer any questions they may have when you meet.

We are a family run business with over 45 years of experience, with 3 sites in the UK and provide over 70,000 products, maintenance, hire schemes, installation/removal, storage and more for all your festive requirements. We have a wide range of products and it's a good point to note that our motifs are created using 3D printers with either recycled bottles or sugar cane, making our products the most sustainable on the market. All our products are manufactured in Europe and come with a 2-season warranty. Please look at [our catalogues](#), and if you have any questions please don't hesitate to ask.
