

## Agenda Item 14a

Email received on November 13<sup>th</sup> 2020

Dear Parish Clerk,

I've just listened to the most recent Lyneham and Bradenstoke Parish Council meeting. 10th November 2020 and am very disappointed that none of the points I have raised in all my emails with yourself were noted, mentioned or raised.

All my emails have been around fixing fencing to dog field, placing ANTI parking measures along the left hand side of the verge all along the side of the dog field heading up the village to prevent anti social behaviours and Parking full stop, so I was surprised to note options for carparking outside dog field being discussed and on the agenda.

Therefore, I would like to lodge a formal objection to the proposed parking areas outside Bradenstoke Dog Field. I would like this formally noted at the next Parish Council meeting.

The village infrastructure does not support or is safe for any increase in traffic, nor do we wish to encourage increased numbers of visitors (Especially currently during Covid-19) and cars or turn the village into an urban town environment. Those that live in the village do not need to drive to the dog field, they generally walk, use mobility scooters, wheelchairs and bicycles.

For clarity, I have never requested for permanent parking outside dog field. There would be no way of policing it. The dog field is for village use only. The sign on gate identifies along with do not park on grass (Lyneham and Bradenstoke Parish Council Sign) this and all measures and attempts should be made to disswade and not encourage non villagers accessing dog field, village including paid dog walkers for commercial use- its happened before....

If we need more votes or petition or something along those lines, please do indicate.

Also please could I have updates for;

1. Do not park on grass signs and temp measures to prevent parking on verges to dog field to be implemented ASAP. Only this evening on my dog walk did large 4x4 drive all over mowed verge to dog field. Not a villager! If the PC supplied, im happy to provide the labour!

2. Update regarding fixing of fence to dog field.

3. Parking conversions for village. Bays double yellow lines etc. Including designated disabled and vicar spaces outside church.

4. LYNEHAM having their own dog field so no need to use Bradenstokes. Anti social behaviours from non villagers experienced by myself and others. Persons even kicked

my dog and shouted verbal abuse! Im not the only one this has happened too...Also, Lyneham would have more space for parking options on road. Land on right down Preston Lane or left?

I am not sure what else I can do as a villager and tax payer to ensure my views and concerns are being listened to and managed accordingly. Please could I have the name, number and contact details of whom I should raised my concerns with directly, Wiltshire Council? As we don't appear to be getting any where currently.

Formal parking bays at top of village Nr the Bridleway, currently hardstanding, could accommodate a couple of parking spaces worst case senirio as a potential compromise.

Thank you in advance.

Yours Sincerely

Mr D Boden.
