*

☒ Yes

☐ No

7. Charity Registration No. *

1209254

8. Amount of grant requested (Quotes and detailed breakdown of how the money is to be spent must accompany the application) *

464.46

9. For what purpose or project is the grant requested? *

Community First Responders are volunteers attend 999 calls for the ambulance service, ahead of the paramedics, arriving first on scene. The jobs we go to can include cardiac arrests, seizures, strokes, breathing difficulties and falls. We are raising funds for a new pulse oximeter which will be able to be used on all patients from new born babies to the elderly. This equipment tells us the patient's oxygen levels and heart rate and informs part of the primary survey, helping to decide if the call needs to be upgraded to urgent, helping patients obtain prompt help if needed and early diagnosis of medical conditions such as sepsis. At this current time we are not able to take observations on children as our current pulse oximeter is for adults, the new one will include a child one as well for birth upwards. This is to be used in the Lyneham kit. All upkeep and maintenance of the equipment donated cost is met by the South Western Ambulance Service Trust. This equipment sees hundreds of patients every year and will last 10-15 years, possibly more in service.

10. What will be the total cost of the above project? *

464.46

11. If the total cost of the project is more than the grant, how will the residue be financed? *

We hope to obtain a 100% donation

12. What monies is the organisation/club contributing to the project? *

The kit we use is expensive at the cost of £7000 in total, we rely on charity donations to keep our kits up to standard.

13. Have you applied for grant for the same project to another organisation? *

☐ Yes☒ No

14. Who will benefit from the project? *

The whole of Lyneham in the event of an emergency, you never know when you may need us, but we hope you don't.

15. Approximately how many of those who will benefit are residents? *

It is difficult for us to put a exact number, but we will go to any resident in Lyneham we are called to by the ambulance service. Sometimes it is not uncommon to see 7 patients per day on a busy day, a couple of hundred a year, based on a part time Community First Responder

16. What financial information have you included? *

The cost of the pulse oximeter, but please let me know if you need any further information.
We will send our latest bank account, but as a charity we do have ring-fenced funds for projects.
